

**Scientific Writing  
XPE045SCWR  
Summer 2019**

**Assignment 3  
Presentation Slides**

Following the steps outlined during the lecture prepare your scientific paper slides.

You should Organize your ideas and prepare a 10 minute presentation slides.

- Introduction: The rationale for the experiment (why did you do it?)
- Preliminaries: Introduce the problem, other works
- Body: The results obtained (what did you find?)
- Technicalities: The methods that were used (how did you do it?)
- Conclusion: An interpretation of those results (what does this mean?)

-----

A black and white hardcopy of your work is due at the beginning of class on Tuesday, April 9th.
